

AIG Group Discount Dental® Program

As the cost of quality dental care continues to escalate, more employees are looking to the workplace for programs to help them safeguard their families' dental health at an affordable price. With the AIG Group Discount Dental® program, employers can offer current and future employees valuable discounts at over 67,000 dental service provider locations nationwide for as little as \$5 a month.¹

AIG Group Discount Dental is not an insurance product. It's a reduced fee-for-service program that lets employees pay discounted fees for services provided by network dentists — including specialists such as oral surgeons and orthodontists.² Plan participants also receive substantial discounts on Preventive services such as oral exams and cleanings.

Best of all, AIG Group Discount Dental is brought to you by your one-stop source for exceptional products designed specifically for today's marketplace: **AIG Employee Benefit Solutions®**.

Plan Highlights

- Significantly discounted fee schedule, particularly for Preventive services
- A nationwide network of over 67,000 dental provider locations
- A monthly fee of only \$5 covers the employee — \$13 a month covers an entire family
- No limit on plan usage
- The convenience of payroll deduction

Please note that this is not insurance and we do not make payments to providers. It is a discount program, and the employee is obligated to pay for all healthcare services. The employee will receive discounts for medical services at certain healthcare providers who have contracted with the plan. There is no discount applicable if the employee uses a non-network provider. This plan is administered by **CAREINGTON International Corporation**, 7400 Gaylord Parkway, Frisco, Texas 75034. The program and its administrators have no liability for providing or guaranteeing service or quality of service rendered. Note to Utah residents: This contract is not protected by the Utah Life and Health Insurance Guaranty Association.
